SUBJ	Operational/CALL Proposed Termination of [CA]INFER	
ACTION REQUIRED - REFERENCES		

Action required: See paragraph 5 below

1. The five meetings held with [CA]INFER in 1969 yielded only three substantive reports, of which only one has been disseminated by Headquarters. We also obtained some background information on two leading [NPD] officials in [CA]INFER's city.

2. The reasons for the low quantity and quality of production were:

a. [CA]INFER was in poor health during most of this period and was unable to devote much time to his clandestine assignment.

b. Most of what [CA]INFER and his daughter learned at [NPD] meetings was overt and - at best - of marginal interest. [CA]INFER himself has repeatedly stated that [NPD] meetings are like disorganized club meetings where malcontent people meet and have very little of constructive meaning to say to each other.

3. In view of the [September 1969 election results] and the poor record of this operation in the past, we propose to terminate [CA]INFER after one or two more meetings. There appears to be little likelihood now that he will ever gain access to the [national leadership of the NPD] in spite of his background.

4. [CA]INFER's daughter, a fairly bright and stable woman [of 21 years,] does present potential as a long-range penetration asset of the [NPD] or any other [right-wing radical] element. If Headquarters is interested in such a penetration, we could attempt to develop her in this direction.

5. Action Required: We would appreciate Headquarters comments on the desirability and feasibility of developing Subject's daughter. If Headquarters does not desire such a move, approval is requested to terminate [CA]INER by the end of 1969.
